## I. CHINA WEEK 2024 IN THE STUDENT UNION

Once again, the annual China Week took place in the Spring Semester from April 9 to 12. This is a conventional Center of China Studies' (CCS) event since the CCS's inauguration in 2000. Due to the lack of staff after the COVID-19, students who are taking Chinese language courses helped at the exhibition tables. As usual the cultural exhibits attracted students, faculty, and staff, as well as off campus community visitors. It was an efficient and successful approach to let the Buffalo State and local communities learn more about China.

## II. THE FIRST VISITING SCHOLAR FROM CHINA AFTER THE COVID-19

After about one year's absence, the first Chinese visiting scholar has successfully arrived on campus and started her six-month visit and study at Buffalo State. Ms. Huang Qianwei, a MS candidate at Guangxi Medical University, is mentored by Dr. Zhang Jie, SUNY Distinguished Professor, and Director of the Center for China Studies. Ms. Huang's major is public health. Her studies are focused on the psychological health of Chinese school teachers. She will also explore the risk factors of Chinese school teachers' psychopathologies.
